RE: Redd Block Four Mine  
ACT/037/046

Dear Mr. Redd:

The Division is in receipt of a copy of your September 6, 1979 letter to Union Carbide Corporation concerning the Redd Block Four Mine.

In case Union Carbide does not address all of your concerns I would like to provide the following information. First, the Mining and Reclamation Plan submitted by Union Carbide is available at the Division's office for public inspection. Second, the Division issued tentative approval to the plan; and, as required by Rule M-4 of the Utah Mined Land Reclamation Act published an abbreviated Mining and Reclamation Plan in the San Juan Record and the Salt Lake City newspapers. The plan was published to provide for a thirty day public comment period before final approval is issued and mining may legally commence. If you have an objection to the plan please file a written protest to the Division prior to October 12, 1979. If a written objection of substance is received by this date a hearing will be scheduled before the Board in accordance with Section 9 of the Utah Mined Land Reclamation Act.

If the Division may help you in any way please feel free to call.

Sincerely,

K. MICHAEL THOMPSON
